**For Immediate Release**

**25 June 2010**

## Hydrant Flushing to Impact Davis Shores Area

The City of St. Augustine Public Works Department will be flushing fire hydrants on Anastasia Blvd. beginning nightly Sunday, June 27 at 11 p.m. until 6 a.m. the next morning. The scheduled flushing will end Friday, July 2 at 6 a.m. “Hydrant flushing clears sediments from the water mains and will greatly improve the quality of water delivered to residents and businesses alike on the Island,” stated, Martha Graham, P. E., Director of Public Works.

The entire area of Davis Shores up to Old Quarry Road and Red Cox Road may be impacted by the flushing.

During the hours of flushing, customers are asked to avoid using water in order to keep sediments from entering the house; for example, washing clothes or dishes, adding ice to automatic ice-makers, turning off automatic coffee-makers and using other automatic water dispensers.

If you have any questions, please contact the Public Works Department at 825-1040 during normal working hours.
