Curbside Parking Restrictions and Sidewalk Marine St. Improvements *Public Meeting Scheduled for June 29*

The City of St. Augustine, Department of Public Works, will hold a public meeting on Wednesday, June 29, from 6-8 p.m. in the Alcazar Room, City Hall, 75 King St. The meeting will be held to answer questions regarding future changes on curbside parking restrictions and sidewalk improvements on Marine St., between St. Francis and Hendrick streets. Hendrick St. is a dead-end street running east-west and is located just north of Bayview-Samatha Wilson Healthcare on Marine St.

Curbside restrictions are proposed for both sides of Marine Street beginning approximately 100 feet north of Tremerton Place and ending at Hendricks St. In order to construct the sidewalk, landscaping within the right-of-way will have to be removed. The intent of the sidewalk improvements is to provide a continuous ADA compliant sidewalk along the east side of Marine Street.

All residents and property owners in the neighborhood and along Marine Street are encouraged to attend this public meeting to participate and provide comments at the initial stage of the proposed project. Following a brief presentation, city representatives will be on hand to answer questions.

If you have questions or need further clarifications regarding the public meeting, please contact (904) 825-1040.
